MEMORANDUM FOR: Director of Training**THROUGH : Deputy Director for Support****SUBJECT : Career Training Program**

REFERENCES : (a) Inspector General's Survey of the Career Training Program dtd 24 Apr 67

(b) Memo dtd 2 May 67 to DD/P and DD/I fr ExDir-Comp, same subject

1. There were a number of recommendations in the Inspector General's Survey of the Career Training Program which, if approved, would reduce the over-all length of the formal Training Program by several weeks. Because the action taken on these recommendations will have some immediate impact on our budget and personnel ceilings, we have given priority consideration to these recommendations.

2. From my discussion with the Director of Training, the Assistant Deputy Director for Support, and the Inspector General on 5 July I understand that the total formal training for Clandestine Services Career Trainees is now ninety weeks and includes twenty-six weeks of language training. I also understand that the Director of Training and the Deputy Director for Plans believe that the following reductions in the formal Career Training Program can be made without causing any deterioration:

Language	26 weeks
On the desk	13 weeks
Paramilitary	5 weeks
Soviet Operations and

Managerial Grid	1 week
International Communism	1 week
Operations Course	1 week
Total	51 weeks

This would then leave thirty-nine weeks for formal training while the Trainee is still assigned to the Office of Training.

3. On 7 July I discussed this with the Director and explained that for the most part we were not eliminating the training which the Career Trainee received but merely rescheduling some of it for another time in his career, thereby shortening the length of time he is on the rolls of the Office of Training. I assured the Director that the Director of Training and the Inspector General feel that the Career Training Program would be improved by these changes. He approved in principle of these recommendations.

4. Corresponding reductions in the Program for the DD/I and DD/S Career Trainees should be made as appropriate.
